

New Hampshire

New Hampshire saw an increase in afterschool program participation, from 16 percent in 2009 to 17 percent in 2014, as well as an increase in the time children spend in an afterschool program, from an average of 5 hours per week in 2009 to 7 hours per week in 2014. The state also continues to make gains in parent satisfaction with afterschool programs, where an overwhelming majority of parents—96 percent—report that they are satisfied with their child’s afterschool program, an increase from 77 percent in 2004 and 87 percent in 2009.
