

Washington

Washington state has seen a steady increase in the percentage of children participating in an afterschool program—growing from 8 percent in 2004 to 12 percent in 2009 to 17 percent in 2014. However, Washington’s afterschool participation rate still falls just below the national average. Unmet demand for afterschool programs in Washington has also seen an upward trend, increasing from 24 percent in 2004 to 27 percent in 2009 to 36 percent in 2014.
