

South Carolina

After an increase in afterschool program participation from 13 percent in 2004 to 15 percent in 2009, the percentage of South Carolina children taking part in an afterschool program dropped back down to 13 percent in 2014, falling behind the national average. The time children spend in an afterschool program also slightly decreased, from an average of 8 hours per week in 2009 to just more than 7 hours in 2014. Unmet demand for afterschool programs continues to rise in South Carolina, from 41 percent in 2004 to 46 percent in 2009 to 51 percent in 2014.
